

ABOUT ARTISAN CATERING & DELI

An artisan is a skilled craftsman who can imagine, plan and then bring an idea to fruition. We view both food and service as our craft and as our art form.

Our philosophy of catering is simple: to provide you and your guests with a memorable experience that includes unique, delectable menu choices and the highest level of service. You'll receive personalized assistance on everything from venue selection to menu design from our knowledgeable staff. Our passion for food is evident in every dish—we take great care in its presentation, use only the freshest ingredients and pride ourselves in creating fare that is a delight to the senses. Whether you're planning an event for two or two hundred—an upscale soirée, a board meeting, or a barbeque for the big game—Artisan Catering & Deli will exceed your expectations and treat every guest like the guest of honor.

CATERING SERVICES

“Thanks to you and your staff for a wonderful party. Your staff was superb, professional, friendly, competent — everything I hoped for. The food was even better than what we hoped for and we are still receiving comments about how wonderful it was. I also greatly appreciate how well you cleaned up and left our space looking as if no event had even taken place. You will certainly be receiving more referrals from us and from our guests.”
